Heavy Equipment Operator Trainer

General Description:

Extreme Sandbox, which launched in 2012, is a heavy equipment adventure company that let's clients play on construction equipment in a recreational setting. Heavy Metal Learning is the training initiative that was launched in 2021 that started as hosted heavy equipment camps for high school students as

well as online training videos on YouTube. Heavy Metal Learning now is in the early stages of creating more formal entry level equipment training programs for new operators.

We are seeking an experienced heavy equipment operator to assist in the creation and launch of a formal equipment operator training program. This position will primarily be responsible for this, however additionally will instruct clients as part of Extreme Sandbox experiences. We hire based on amount of operator experience, teaching/instructing experience, program implementation experience, and overall personality and ability to provide a high level of customer service.

Primary Responsibilities:

- Develop, administer, and lead heavy equipment operator training programs
- Train students and clients in safe and proper methods of heavy equipment operations
- Develop relationships with heavy equipment vendors to utilize educational resources available to the company
- Perform minor preventative maintenance to equipment and site
- Be punctual and have great attendance -- have flexible availability
- All other duties as assigned

Qualifications:

- 10+ years' of heavy equipment operating experience on various types of heavy equipment (i.e. Dozers, Front-End Loaders, Motor Graders, Scrapers, etc.)
- Experience in developing, administering, and leading heavy equipment operator training programs
- Strong computer skills (PowerPoint, Word, etc.)
- Strong oral (public-speaking) and written communication skills
- Strong listening skills
- Must be able to lift a minimum of 50 pounds
- Team player with self-confidence and professional appearance

Preferred Qualifications:

- Bi-Lingual (Spanish) oral and written skills
- CDL License (Class A or B)
- Training certifications on heavy equipment operations
- OSHA training certifications
- Bachelors of Education (Teaching) Degree
